**Re: In the Matter of Petition of USTelecom for Forbearance Pursuant to  
47 U.S.C. Section 160(c); WC Docket No. 18-141; Category 1**

Dear FCC,

Our household internet is provided by Sonic on fiber all the way to our household network. We pay less, and have much higher bandwidth than is available through the incumbent providers. We have used AT&T in past, and find nothing comparable to Sonic's services offered by AT&T, Comcast, or Verizon. The proposed change in the rulings would indeed materially affect our services. That proposal is essentially conservative and anti-competitive. It is an attempt by established businesses to compete by making new and better technology illegal. This is bad for all of us. Please support the competition. Deny the petition.
